**BLS Intranasal Naloxone Skill Competency
Competency during Medical Practice Day, 5 mins time limit.**

Name: _____ **Date:** _____

Course #: _____ **Examiner:** _____

When practiced as competency, the instructor will fill it out the entire skill sheet then write competency on the sheet if the instructor feels the candidate has attained minimum competency, and then fill out the candidate's EMT or AEMT log with date and initials for the candidate's file. The skill sheet goes to the candidate's instructor and the log stays with the candidate
